

SHORT BIO:

Margaret Schick (“Peggy”) has been devoted to astrology in earnest since her Uranus opposition in 2003, and she has been a professional astrologer since 2017. Studies in spirituality, energy work, and Jungian psychology inform her work. Soul evolution is her specialty, and she offers clients an in-depth exploration of subconscious natal chart themes through regression hypnosis. In addition to serving individual clients through her practice in Topsham, Peggy also teaches astrology classes online and in-person, and she offers topical astrology presentations through non-profit organizations in Maine.

LONG BIO:

Margaret Schick (“Peggy”) is a professional astrological intuitive, regression hypnosis therapist, and Reiki Master, with a practice in Topsham, Maine. She teaches introductory and intermediate astrology classes in mid-coast and southern Maine through the Maine Jung Center, the Osher Lifelong Living Institute at the University of Southern Maine, Merrymeeting Adult Education, and RSU 5 Community Programs. She also offers astrology events and retreats for small groups.

Peggy approaches astrology with a Jungian, archetypal perspective. Her astrology readings and Reiki treatments are strongly guided by claircognizant intuition and clairvoyant impressions.

Peggy is certified in Archetypal Astrology and Archetypal Cosmology through the Institute of Transpersonal and Archetypal Studies, New York. Her training in Regression Hypnosis and Past Life Regression was through the Edgar Cayce Foundation. She is certified as a Reiki Master in the Usui Tradition through Reiki Master and Teacher Martha Spruce in Brunswick, Maine. Peggy holds a Bachelor of Science degree in biology from the State University of New York, Geneseo, and a Master of Business Administration degree from Simmons University, Boston.

She serves as co-chair of the board of directors of the Maine Jung Center.

Prior to 2017 when she began her astrology practice, Peggy enjoyed a twenty-year career in nonprofit development and communications. Prior to that, she held positions in IT and operations in the public and private sectors.
